**'Investors in Pupils' Reassessment
St Edward's Catholic Primary School**

Dear Mr. Underwood,

Thank you for inviting me to reassess 'Investors in Pupils' at your school on Monday 31st March 2025. It was a very enjoyable visit.

I can now confirm that the reassessment report has been quality assured by the West Yorkshire Investors in Pupils Partnership. I am therefore pleased to inform you that St Edward's Catholic Primary School has been successful in retaining your 'Investors in Pupils' accreditation.

The decision was based on information and evidence from a variety of sources. Ms Naz provided excellent detailed resources, including some delightful follow-up images. The evidence also included the school's self-assessment form, planning documentation, secondary sources, pre-assessment telephone interview and a full timetable of interviews. Interviews took place with a range of stakeholders involved in daily school life, including members of the senior leadership team, governors, parents, teachers, non-teaching staff, pupils from each year group, pupils with positions of responsibility, and a pupil presentation.

The school clearly has an abundance of talented, creative and enthusiastic pupils. I want to thank Chinenye and Jordan, who showed me around the school with insight and pride about St Edwards, as well as all the pupils and staff who were generous with their time and contributions. The pupils were articulate, thoughtful and confident in how they spoke about so many excellent things the school does to invest in your pupils and staff; they were a credit to the school, themselves, and their families.

As part of its continued approach to pupil support and development, the school should seriously consider how pupils could take a lead in future development and address any areas for development.

I wish the school every success in the future.

Yours sincerely,

John Rees
Investors in Pupils Assessor
